Unified Planning Work Program (UPWP) Fiscal Year (FY) 2022/23 - FY 2023/24: Request for Input from Municipalities and Transportation Operating Agencies

SUMMARY EXPLANATION/BACKGROUND:

The Broward MPO's UPWP (also known as the Business Plan and Budget) describes the transportation planning activities and studies to be performed by MPO staff, its consultants, and partner agencies (when applicable). Federal regulations require the development of a UPWP in metropolitan areas as part of the transportation planning process. The regulations require MPOs to work in cooperation with the Florida Department of Transportation (FDOT), transportation operating agencies and local partners to develop the Program.

The FY 2022/23 - FY 2023/24 UPWP covers two years starting on July 1, 2022 and ending on June 30, 2024. Development of the FY 2022/23 - FY 2023/24 UPWP begins by requesting input regarding activities, subjects, and/or studies that should be considered in the upcoming two-year UPWP. Partner agencies anticipating the use of Federal funds to conduct major planning studies should include these study efforts in the MPO's UPWP. Please see the Attachment for more information on this request.

The current UPWP is available online at <http://browardmpo.org/index.php/about-the-mpo/budgets-upwp> to provide guidance on the types of transportation planning projects included in the UPWP. Please send your requests to Khyra Everette (contact information in the Attachment) by February 11, 2022. A Draft FY 2022/23 - FY 2023/24 UPWP will be available in late February 2022.
