TREND SCENARIO

- Continues recent trends in growth & transportation investments

COMPACT DEVELOPMENT SCENARIO

- Aggressively pursue high-density development, infill, & redevelopment within key corridors

TECHNOLOGY SCENARIO

- Aggressively pursue advancing & emerging transportation technology integration

TRANSIT SIGNAL PRIORITY

UP TO **15%** REDUCTION IN BUS TRAVEL TIMES

**FEWER RED LIGHTS
FEWER DELAYS**

SAVES FUEL

LESS CO₂ **GET THERE ON TIME**

400 SIGNALIZED INTERSECTIONS ACROSS MULTIPLE JURISDICTIONS

100 MILES OF ROADWAY

13 PRIORITY CORRIDORS

1 REGIONAL TSP SYSTEM

Transit Signal Priority (TSP) utilizes existing vehicle location and wireless communication technologies to advance or extend green times at signalized intersections. When a TSP-equipped bus is late, it automatically requests extra green time so it can proceed through the intersection. The result: reduced delays at traffic signals, and increased service reliability and travel speeds for bus riders.

RESILIENCY SCENARIO

- Aggressively respond to sea level rise, severe weather events, and other forces

COMMUNITY VISION SCENARIO

- Integrate individual community and agency visions

BROWARD MPO CALL FOR PROJECTS
Metropolitan Transportation Plan

COMMITMENT 2045
move people • create jobs • strengthen communities

Looking for a way to fund your transportation projects?
The Broward MPO is here to help.

Federal law requires the Broward MPO (and MPO's across the country) to update their Metropolitan Transportation Plan every five years. Commitment 2040, the current MTP, was adopted by the Board in December 2014. Work on Commitment 2045, the update of Commitment 2040, began in December 2017 and will be complete in 2019 with adoption of the final plan by the Broward MPO. Projects included as part of Commitment 2045 can be programmed in as little as six years, depending on funding availability.

Start the conversation with us by providing a list with information on your **program ready** transportation projects to the MPO. For example:

Project Name	From	To	Brief Description of Project	Estimated Cost
Apple St	Orange St	Grape St	Add one-foot travel lane in each direction	\$X,000,000
Project Limits				Estimated Cost

What makes a project program ready?
